

THE PHANTOM OF THE OPERA

The Phantom of the Opera, the longest running show on Broadway, has become, since its first performance in 1988, a musical phenomenon all over the world.

Based on Gaston Leroux's novel, the story is settled in the famous Opera House in Paris where Christine Daaé, a beautiful soprano, becomes the obsession of a mysterious, disfigured musical genius.

The music was composed by Andrew Lloyd Weber and most of the lyrics were written by Charles Hart.
